Mr. Howland Wood
New York City

Dear Sir:

I was very much gratified to receive the notice of my election as an associate member of The American Numismatic Society - and I trust you will accept my sincere thanks for bringing to my notice the opportunity to join and for your part in placing my name before the Council -

On the enclosed card I said I specialize in Chinese coins and Early English Silver. Please take that with a grain of salt, for, although I am very much interested in the two series, my collection is extremely modest. Some time ago Dr Henderson of Columbus told me I was biting off a mouthful when I tackled Chinese coins and I guess he was right, and by the way, he mentioned your name as being the one real expert on Chinese coins & tokens in this country.

I am enclosing P.O. money order for $5.00 for dues for 1913.

Yours truly
